

# DR. LORI M. PHILLIPS

Author • Speaker • Educational Consultant

**Helping schools build strong cultures, engage families, strengthen classrooms, and develop resilient leaders.**

Dr. Lori M. Phillips partners with schools, districts, leadership teams, and educator groups to strengthen school culture, family engagement, classroom management, community-school partnerships, and leadership capacity. Her work is practical, energizing, and designed to help educators move from pressure and fatigue to clarity, confidence, and sustainable practice.

## CORE CONSULTING AREAS

|                                                                                                                                                                                        |                                                                                                                                                                                         |
